

## Call for Papers

### Recent Advances in Medical Photography

October 15th – 16th 2010

The Children's Hospital at Westmead, Sydney, NSW, Australia

#### Introduction

A conference pertaining to medical recording is to be held this October. We invite you to share your expertise and experience over these two days.

#### Audience

This conference will be relevant to photographers, videographers and graphic artists that have an interest in medical and biological subjects. Day 1 of the conference will be open to medical staff of The Children's Hospital at Westmead. This can only facilitate effective interaction between professionals.

#### Presenters / Topics

Papers that are relevant to medical topics will be given priority. The scope is wide and may include your revision of established techniques to new technology that you find exciting in the application to your work.

#### Response

Please email expressions of interest to John Yeats ([john@johnyeats.com](mailto:john@johnyeats.com)) by 15th June 2010. A program will be sent shortly after with conference details. There have already been offers for presentations.

Please advise if you are considering attending this event at this stage. It will facilitate the organization.

#### Exhibition / Photographic Competition

Attendees are invited to submit photographs (digital files) for peer judging. Categories are

**Scientific/ Medical - open to delegates only**

**Portraiture: theme 'Happy Kids' – open delegates and hospital staff**
